

KATE ATTARDO

Brooklyn, NY | kateattardo@gmail.com | [LinkedIn](#) | [GitHub](#) | Portfolio

FULLSTACK DEVELOPER

I'm a software engineer transitioning from a thriving small business venture, where I grew the business three hundred percent in three years. Implementing an app for my clients sparked my interest in programming, it blends my pragmatic and creative skill sets. I'm dedicated to creating a seamless user experience.

SKILLS

Languages: Python, JavaScript, HTML, CSS, MERN-STACK infrastructure

Libraries and Frameworks: NodeJS, ExpressJS, EJS, Django, React, Bootstrap, Materialize

Databases and other: MongoDB, MongooseODM, PostgreSQL

Tools: Git, Postman, VS Code, AmazonS3, Flyio, Netlify, Firebase, Render, DOM Manipulation

Interpersonal skills: Team Collaboration, Communication, Time management

TECHNICAL PROJECTS

Kitchwitch: [Frontend](#) | [Backend](#) | [App](#) | Two project architecture, MERN-Stack | React | Express

A recipe application where users input ingredients they have on hand and receive recipes.

- Engineered a RESTFUL backend to pull recipes from an API and created comment functionality for users to make notes.
- Created a compelling user interface with CSS and Bootstrap.
- Implemented JSON bearer token to create and authenticate user credentials.

TaskMaster - [GitHub](#) | [App](#) | Python | Django

An application for workflow productivity to assign projects and individual tasks to employees.

- Collaborated as a team of three remote engineers to build a task management app for users to increase productivity in the workplace.
- Implemented Amazon S3 for users to upload photos for their profile.
- Utilized Django ORM and PostgreSQL database for users to store projects and tasks assigned to them.

Parklopedia- [GitHub](#) | [App](#) - JavaScript | Express | MongoDB

An application allowing users to rate local parks and park features.

- Authorized users with Google OAuth to sign in and out of profiles.
- Followed MVC architecture and RESTFUL routes with Express.
- Utilized MongoDB allowing users to easily access selected parks, comments, and reviews.

EXPERIENCE

Dog Walk Daily, Owner/Operator

Brooklyn, NY, 10/2016 - Current.

- Owner/operator of a boutique dog care business serving one hundred twenty-five clients daily and overseeing a staff of fourteen.
